

## CIWI 2022 SUMMER INTERNSHIP PROGRAM

**We are launching our CIWI Intern Candidate outreach NOW.**

### WHAT IS CIWI?

CIWI is a fiscally sponsored project of Community Initiatives (a 501c(3)) and a privately funded initiative targeted to young urban adults (18 to 23 years old and enrolled in a two- to four-year college) from lower-income households, many that are first generation Bay Area college students.

**The program is committed to providing career development opportunities for students with interest in Construction, Real Estate Development, Architecture and Engineering, Civic Engagement and Urban Design. Since 2012, CIWI has delivered over 120 internships---we are committed and focused on delivering internships for BIPOC students, with the vast majority of our interns are first generation college students.**

CIWI goals are to provide direct construction/real estate/sustainability industry work experience, a comprehensive leadership and mentor component, personal, educational and career development opportunities for young adults which may ultimately lead to pursuing education and career opportunities within the field.
